Directors' Report

For the year ended June 30, 2013

The Board of Directors of Al-Zamin Modaraba Management (Private) Limited, the management company of Trust Modaraba has pleasure in presenting the annual audited financial statement of Trust Modaraba for the financial year ending 30th June, 2013.

ECONOMY REVIEW:

The world economy still continues to struggle to come out of the shocks of global financial crises onset four years ago. Developing economies have still not been able to uplift their economic activities to the level of pre crises period.

For Pakistan, the government led by Pakistan Peoples Party completed its' five years term in 2013. During the past five years, the country remained engulfed in myriad challenges at external and domestic front, which limited economic growth well below the potential of the country. The year 2012-13 being the election year for the country was heightened by uncertainty and speculations as to the outcome of elections, future governance structure economic policies and priorities. As a result, GDP growth rate remained restricted at 3.6% (target 4.3%) during the year. Though State Bank reduced mark up/ interest rates by a total of 250 basis points, bringing it to 9.5% in December, 2012, nevertheless constraints coming from energy shortages and other uncertainties such as law and order limited impact of interest rate reductions on investments and business conditions across the board. Sustained inflation and pressure on foreign exchange reserves induced further depreciation of Pak Rupee against US dollar.

On the positive front, Agriculture sector being the mainstay of economy, showed improvement as better weather conditions favored production of major crops, though minor crops in parts of the country were adversely effected by floods. Consistent increase in workers' remittances remained a positive feature of the economy and had been a major source of foreign exchange earnings and significant support to the balance of payment position of Pakistan.

Post peaceful transition of the government, economic policies/developments are unfolding with deep concerns over the security issues, energy crises, and fiscal deficit. There are expectations that new government will launch investment friendly policies to gain confidence of the investors to initiate new business activities. The drivers of the current situation such as security issues, energy deficit and fiscal prudence require urgent attention to secure economic stability and sustainability.

PERFORMANCE REVIEW:

It is pleasure to report that even under such challenging business and economic environment, key performance indicators of your Modaraba have shown significant improvement as to the business generation, profitability, recoveries, equity market operations and diversification translating into marked increase in earnings per certificate to Rs. 0.77 as compared to Rs. 0.41 for the previous year. Total income of the Modaraba increased by over 15% during the year under review, of which 87% was contributed by the core business segment of Ijarah, Musharakha and Murabahah. Efficient deployment of funds resulted in increase of disbursement by 33% during the year as compared to the preceding period. Healthy addition to the income was achieved through equity market operations, implementation of diversification initiatives and settlement of recovery suits. The growth in business and profitability has been achieved by strengthening relationships with the existing clients having satisfactory track record of performance with Trust Modaraba and also initiating relationships with good names in the medium enterprise sector. Operating expenses increased by 9% mainly on account of inflationary pressure on costs. An effective internal control system is in place to ensure maximum efficiency of financial and human resources available with the organization. As a result, net profit of your Modaraba, before Management Fee registered almost two fold increase from Rs. 13.5 million in the previous financial year to Rs. 26.16 million during the year under review. Prudent risk management has enabled your Modaraba to build quality portfolio with satisfactory rate of recovery of receivables. Balance sheet footings of your Modaraba stood at Rs. 424 million. Total shareholders' equity also increased to Rs. 304 million as against Rs. 281 million of the previous year. Asset mix of your Modaraba depict fair balance of short and long term position. Until now, Trust Modaraba is operating solely on certificate holders funds. In order to utilize Modarabas capacity to leverage, credit rating is in offing, which will interalia, open window for resource mobilization to achieve further growth and potential of the organization.

FUTURE OUTLOOK:

The Management of your Modaraba is committed to keep its' policies aligned to the market trends and realities and will continue to keep its' focus on realization of opportunities that add value for the stake holders. Initiatives contemplated by the Management for a gradual paradigm shift in operating strategy supported by conducive business environment augers well for the future of your Modaraba.

DIVIDEND DISTRIBUTION:

The Board is pleased to announce that based on the profit earned by the Modaraba during the year ended 30th June 2013, a cash dividend of 6% i.e.Rs 0.60 per certificate has been declared.

COMPLIANCE UNDER CODE OF CORPORATE GOVERNANCE:

- The financial statements prepared by the management of Trust Modaraba present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- Proper books of accounts of Modaraba have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of financial statements of Modaraba and accounting estimates are based on reasonable and prudent judgement.
- International Accounting Standards, as applicable to Modaraba, have been followed in preparation of financial statements and any departure there-from has been adequately disclosed.
- The system of internal control is sound in design and has been effectively implemented and motored.
- There are no doubts about Modaraba's ability to continue as a going concern.
- There has been no material departure from the best practices and corporate governance as detailed in the listing regulations.

BOARD MEETINGS:

Four meetings of the Board were held, which were attended as follows:

		No. of Meetings Attended
Mr. Manzoor Hussain Shah Kazmi	Director	1
Mr. Basheer A. Chowdry	CEO/Director	4
Mr. Sohail Ansar	Director	1
Mr. Sheikh Arshad Farooq	Director	4
Dr. Namoos Baquar	Director	3
Syed. Shahnawaz A. Rizvi	Director	4
*Mr. Mohammad Imran ul Haq	Director	4

*(Represented by Mr. Ansar Husain being alternate Director)

Leave of absence was granted to the members who could not attend the meetings due to their pre-occupation.

AUDIT COMMITTEE AND INTERNAL CONTROL SYSTEM:

The Management of your Modaraba believes in good Corporate Governance, implemented through a well defined system of check and balances. The board of directors established a system of sound internal controls, which is effectively implemented at all levels within the Modaraba.

The Audit committee comprises of three members who are all non-executive directors including the Chairman of the committee.

AUDITORS:

As per suggestion of the Audit Committee, the Board has recommended the re-appointment of auditors M/s Yousaf Adil Saleem & Co. for the financial year ending June 30, 2014, subject to the approval of Registrar Modaraba.

PATTERN OF CERTIFICATE HOLDING:

Pattern of certificate holding as at 30th June 2013 is attached. No trade in the certificates of the Modaraba was carried out by the Directors, CEO, CFO, Company Secretary and their spouses and minor children.

VALUE OF THE FUNDS INVESTMENT:

The Modaraba operates a contributory provident fund for all its permanent employees. Equal monthly contributions are made, both by the Modaraba and employees to the fund @10% of the basic salary. Based on latest accounts of the fund, the value of its' investments as at 30th June, 2013 works out to Rs.2,749,998.

ACKNOWLEDGEMENTS:

The Board wishes to place on record its appreciations for the support and guidance provided by the Registrar Modarabas and Securities and Exchange Commission of Pakistan. The Board also acknowledges the hard work and commitment of the executives and staff members. Finally, the Board extends its gratitude to the certificateholders who remained committed to the Modaraba and looks forward to their continued support in future.

For and on behalf of the Board of Directors

Basheer A. Chowdry
Chief Executive

Statement of Compliance with the Code of Corporate Governance (COCG2012)

[SEE CLAUSE (XI)]

For the year ended June 30, 2013

This statement is being presented to comply with the Code of Corporate Governance contained in listing regulations of Karachi, Lahore and Islamabad Stock Exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

Al-Zamin Modaraba Management (Private) Limited (Modaraba Company) is not listed, however, Trust Modaraba (the Modaraba) is listed at Karachi, Lahore and Islamabad Stock Exchanges. The Board of Directors of the Modaraba Company is responsible for management of the affairs of the Modaraba.

The Modaraba Company has applied the principles contained in the Code in the following manner:

1. The Modaraba Company encourages representation of independent/non executive directors and director representing minority interest on its' Board of Directors. At present the Board includes:

Category	Names
Independent Director	Mr. Syed Shahnawaz A. Rizvi
Executive Director	Mr. Basheer A. Chowdry
Non - Executive Directors	Mr. Sheikh Mian Arshad Farooq
	Mr. Syed Manzoor Husain Shah Kazmi
	Mr. Sohail Ansar
	Mrs. Dr. Namoos Baquar
	Mr. Imran ul Haque

The independent director meets the criteria of independence under clause i (b) of the CCG.

2. The Directors have confirmed that none of them is serving as director on more than seven listed companies, including this Modaraba
3. All the resident directors of the Modaraba Company have confirmed that they are registered as tax payers and have not defaulted in payment of any loan to a banking company, a Modaraba, Development Financial Institution or a Non Banking Financial Institution, Further non of the Director is a member of any stock exchange in Pakistan.
4. No casual vacancy occurred in the Board during the year.
5. The Modaraba Company has prepared a 'Code of Conduct', and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its' supporting policies and procedures.
6. The Board has developed a vision and mission statement, overall corporate strategy and significant policies of the Modaraba. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained in the form of minutes of meetings of the board and internal circulars. The overall corporate strategy of the Modaraba is discussed from time to time in the Board meetings and documented in the minutes.
7. All the powers of the Board have been duly exercised and decisions on material transactions have been taken by the Board including changes in remuneration of the Chief Executive Officer and other executive director.
8. The Board has met once in every quarter. All meetings of the Board were presided over by the Chairman and in his absence by a director elected by the Board for this purpose. Written notices of the Board meetings, along with agenda and working papers were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
9. One of its' Director attended Directors Training Programme conducted by Institute of Corporate Governance during the year.

10. Appointment of Internal Auditor was duly approved by the Board.
11. The directors' report for the year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
12. The financial statements of the Modaraba were duly endorsed by Chief Executive Officer and Chief Financial Officer before approval of the Board.
13. The Chief Executive Officer, directors and other executives do not hold any interest in the certificates of the Modaraba other than that disclosed in the pattern of certificate holding.
14. The Modaraba Company has complied with all the corporate and financial reporting requirements of the Code with respect to the Modaraba.
15. The Board has formed an Audit Committee. It comprises of three members and secretary to the Audit Committee. The members are non-executive directors. The Chairman of the Committee is an independent director.
16. The meetings of the Audit Committee were held once in every quarter as required by the Code prior to approval of interim and final results of the Modaraba. The terms of reference of the Committee have been framed and advised to the Committee for compliance.
17. The Board has set-up an Internal Audit function on full time basis.
18. The Board has formed an HR and Remuneration Committee. It comprises of three members who are non executive directors.
19. The statutory auditors of the Modaraba have confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold certificates of the Modaraba and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.
20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
21. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of Modarabas' securities was determined and intimated to directors, employees and stock exchanges.
22. Material/price sensitive information has been disseminated among all market participants at once through stock exchange(s).
23. We confirm that all other material principles contained in the Code have been complied with.

Basheer A. Chowdry
Chief Executive

Shari'ah Advisor's Report

For the year ended June 30, 2013

I have conducted Shariah Review of Trust Modaraba managed by Al-Zamin Modaraba Management (Private) Limited for the financial year ended 30th June, 2013 in accordance with the requirements of the Shariah Compliance and Shariah Audit Mechanism for Modarabas and report that except the observations as reported hereunder, in my opinion:

- i. the Modaraba has introduced a mechanism which has strengthened the Shariah compliance, in letter and spirit and the systems, procedures and policies adopted by the Modaraba are in line with the Shariah principles;
- ii. Following were the major developments that took place during the year:
 - a) Research and new product developments.
Adopted new inducted Shariah Compliance and Shariah Audit Mechanism.
 - b) Followed Model Islamic Financing Agreements approved by Religious Board.
- iii. the agreements entered into by the Modaraba are Shariah compliant and the financing agreements have been executed on the formats as approved by the Religious Board and all the related conditions have been met.
- iv. to the best of my information and according to the explanations given to me, the business transactions undertaken by the Modaraba and all other matters incidental thereto are in conformity with the Shariah requirements as well as the requirements of the Prospectus, Islamic Financial Accounting Standards as applicable in Pakistan and the Shariah Compliance and Shariah Audit Regulations for Modarabas.
- v. profit sharing ratios, profits and charging of losses (if any) relating to any deposit raising product conform to the basis and principles of Shariah.
- vi. No earnings have been realized by any means prohibited by Shariah.
- vii. the earnings that have been realized from the sources or by means prohibited by Shariah have been credited to charity accounts.

In my opinion, the operations of Trust Modaraba are in conformity with the Shariah Compliance and Audit Mechanism for Modarabas.

Signature
Stamp of Shariah Advisor.

Review Report to the Certificate Holders on Statement of Copliance with Practices of Code of Corporate Governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Al-Zamin Modaraba Management (Private) Limited (the Modaraba Company) in respect of Trust Modaraba (the Modaraba) to comply with the relevant Listing Regulations No.35 of the Karachi Stock Exchange Limited, Lahore Stock Exchange Limited and Islamabad Stock Exchange Limited where the Modaraba is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Modaraba Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Modaraba's compliance with the provisions of the Code of Corporate Governance and report, if it does not. A review is limited primarily to inquiries of the Modaraba's personnel and review of various documents prepared by the Modaraba Management Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal controls covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Modaraba's corporate governance procedures and risks.

Further, Listing Regulation 35 requires the Modaraba to place before the Board of Directors of the Modaraba Company for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail at arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Modaraba's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Modaraba for the year ended June 30, 2013.

Auditors' Report to the Certificate Holders

We have audited the annexed balance sheet of Trust Modaraba as at June 30, 2013 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (herein after referred to as the financial statements), for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

These financial statements are the Modaraba Management Company's responsibility [Al-Zamin Modaraba Management (Private) Limited] which is also responsible to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards as applicable in Pakistan and the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by Trust Modaraba, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) In our opinion, proper books of account have been kept by the management company in respect of Trust Modaraba as required by the Modaraba Companies and Modaraba (Floatation and control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981;
- (b) In our opinion:
 - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the Modaraba's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects, terms and conditions of the Modaraba;
- (c) In our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with the approved accounting standards as applicable in Pakistan, and give the information required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981, in the manner so required and respectively give a true and fair view of the state of the Modaraba's affairs as at June 30, 2013 and of the profit, its cash flows and changes in equity for the year then ended; and
- (d) In our opinion Zakat deductible at source under Zakat and Usher Ordinance, 1980 (XVIII of 1980) was deducted by the Modaraba and deposited in Central Zakat Fund established under section 7 of the Ordinance.

We draw attention to the matter stated in note 17.2.1 to these financial statements the ultimate outcome of which cannot presently be determined and, hence, no loss that may result therefrom has been recorded in these financial statements. Our opinion is not qualified in respect of this matter.

Notes to the Financial Statements

For the year ended June 30, 2013

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Trust Modaraba was formed in Pakistan under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the Rules framed there under and had been managed by Trust Management Services (Private) Limited (TMSL). The registration of the Management Company was cancelled by the Registrar Modaraba vide order dated August 20, 2007 and consequently, an Administrator had been appointed to protect the interest of the certificate holders till new management was decided upon. During 2009, vide SECP Order dated January 30, 2009, the Administrator ceased to hold his office with effect from February 23, 2009 and Al-Zamin Modaraba Management (Private) Limited (AMML) took over the control of the Modaraba along with all assets, liabilities, contingencies and commitments. Under the terms of this take over arrangement, AMML injected Rs. 25 million as certificate deposit money into the fund of the Modaraba against which Modaraba certificates were issued to AMML on June 04, 2009.
- 1.2 The Modaraba is perpetual, multi-purpose and multi-dimensional, engaged in the business of Murabahah, Musharakah, leasing (Ijarah), investment in marketable securities and other permissible businesses. The Modaraba commenced its business operations from November 1991. The principal place of business and registered office is located at 104-106, Kassam Court, BC-9, Block-5, Clifton, Karachi - 75600 while regional office is located at 301-302, 3rd Floor, Garden Heights, 8-Aibak Block, New Garden Town, Lahore. It is listed on the Karachi, Lahore and Islamabad Stock Exchanges.

2. STATEMENT OF COMPLIANCE

- 2.1 These Financial Statements have been prepared in accordance with approved accounting standards as applicable in Pakistan except for International Accounting Standard (IAS) 17 "Leases", and the requirements of the Companies Ordinance, 1984, Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulations for Modarabas issued by the Securities and Exchange Commission of Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS), International Accounting Standards (IAS) and Islamic Financial Accounting Standard 1 (IFAS-1) as notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the approved accounting standards differ with the requirement of Companies Ordinance, 1984, Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 or the directives issued by the Securities and Exchange Commission of Pakistan (SECP), the requirements of later take precedence.

The SECP has issued directive (Vide SRO 431 (IJ/2007 dated May 22, 2007)) that Islamic Financial Accounting Standard 2 (IFAS-2) shall be followed in preparation of the financial statements by Companies and Modarabas while accounting for Ijara (Lease) transactions as defined by the said standards. The Modaraba is in compliance with the requirements of the aforesaid IFAS-2.

2.2 Standards not complied in preparation of the financial statements by the Modaraba

SECP vide its circular No. 10 of 2004 dated February 13, 2004 has deferred, till further orders, the applicability of IAS 17 on Modarabas with effect from July 01, 2003 and advised the management companies of Modarabas that they may continue to prepare the financial statements of the Modarabas without applying the requirements of the said IAS to the Modarabas.

2.3 Standards, interpretations and amendments to published approved accounting standards those are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Modaraba's operations or are not expected to have significant impact on the Modaraba's financial statements other than certain additional disclosures except for amendments in IAS 19:

Standard or Interpretation	Effective date (accounting periods beginning on or after)
Amendments to IAS 1 - Presentation of Financial Statements - Presentation of Items of Other Comprehensive Income	July 01, 2012
IFRS 7 – Financial Instruments : Disclosures - Amendments enhancing disclosures about transfers of financial assets	July 01, 2013
Amendments to IAS 16 - Property, Plant and Equipment - Classification of servicing equipment	January 01, 2013
IAS 19 – Employee Benefits - Amended Standard resulting from the Post-Employment Benefits and Termination Benefits projects	January 01, 2013
Amendments to IAS 32 Financial Instruments: Presentation - Tax effects of distributions to holders of an equity instrument, and transaction costs of an equity transaction	January 01, 2013
Amendments to IAS 32 Financial Instruments: Presentation - Offsetting financial assets and financial liabilities	January 01, 2014
Amendments to IAS 34 - Interim Financial Reporting - Interim reporting of segment information for total assets and total liabilities	January 01, 2013
IFRIC 20 - Stripping Costs in the Production Phase of a Surface Mine	January 01, 2013
Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:	
IFRS 1- First Time Adoption of International Financial Reporting Standards	
IFRS 9 – Financial Instruments	
IFRS 10 – Consolidated Financial Statements	
IFRS 11 – Joint Arrangements	
IFRS 12 – Disclosure of Interests in Other Entities	
IFRS 13 – Fair Value Measurement	
IAS 27- (Revised 2011)-Separate Financial Statements due to non-adoption of IFRS 10 and IFRS 11	
IAS 28- (Revised 2011)- Investment in Associates and Joint Ventures due to non-adoption of IFRS 10 and IFRS 11	

3. **BASIS OF MEASUREMENT**

These financial statements have been prepared under the historical cost convention, except certain financial instruments which are measured at fair value.

4. SIGNIFICANT ACCOUNTING POLICIES

4.1 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Modaraba's accounting policies. Estimates and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future period affected. In the process of applying the Modaraba's accounting policies, management has made the following estimates and judgments which are significant to the financial statements.

4.1.1 Useful lives, pattern of flow of economic benefits and impairment

Estimates with respect to residual values and depreciable lives and pattern of flow of economic benefits based on the analysis by the management of the Modaraba. Further, the Modaraba reviews the value of the assets for possible impairments on an annual basis and any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment established. Assets are derecognized when disposed or when no future economic benefits are expected from its use or disposal.

4.1.2 Provisions against non performing financings

The Modaraba reviews its overdue leases at each reporting date to assess whether provision should be recorded in the profit and loss account, in addition to the mandatory provisions required in accordance with the Prudential Regulations issued by the Securities and Exchange Commission of Pakistan. In particular, judgment by management is required in the estimation of the amount and timing of future cash flows when determining the level of provision required. Such estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the provisions.

4.2 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, cash at bank and other short-term highly liquid instruments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.3 Investments

4.3.1 Available-for-sale

These are initially measured at cost, being the fair value of consideration given. At subsequent reporting dates, these investments are re-measured at fair value. For listed securities, fair value is determined on the basis of period end bid prices obtained from stock exchange quotations, while for unquoted securities, fair value is determined considering break up value of securities.

All purchases and sales of investments are recognized on the trade date which is the date when Modaraba commits to purchase or sell the investment. Cost of purchase includes transaction cost.

Changes in carrying value are recognized in equity until the investment is sold or determined to be impaired at which time the cumulative gain or loss previously recognized in equity is included in profit and loss account for the year.

4.3.2 Held-for-trading

Investments that are acquired principally for the purpose of generating a profit from short term fluctuations in price are classified as trading investments and included in current assets. These are initially measured at fair value and at subsequent reporting dates, these investments are re-measured at fair value. Realized and unrealized gains and losses arising from changes in fair value are included in profit and loss account for the year in which they arise.

The fair value of publicly traded securities is based on market prices quoted on the Karachi Stock Exchange at the balance sheet date. The investment for which a quoted market price is not available, are measured at cost as it is not practical to apply any other valuation methodology.

All purchases and sales of investments are recognized on the trade date which is the date that the Modaraba commits to purchase or sell the investment.

At each balance sheet date, the Modaraba reviews the carrying amounts of the investments to assess whether there is any indication that such investments have suffered an impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment losses are recognized as expense. In respect of 'available for sale' financial assets, cumulative impairment loss less any impairment loss on that financial assets previously recognized in profit and loss account is removed from equity and recognized in the profit and loss account. Impairment losses recognized in the profit and loss account on equity instruments are not reversed through the profit and loss account.

4.4 Murabaha

Murabaha to the purchase orderer is sale transaction wherein the first party (the Modaraba) sells to the client / customer sharia compliant asset / goods for cost plus a pre-agreed profit. In principal on the basis of undertaking (promise-to-purchase) from the client (the purchase orderer), The Modaraba purchases the assets/goods subject of the Murabaha from third party and takes possession thereof, however, the Modaraba can appoint the client as its agent to purchase the assets/goods on its behalf. Thereafter, its sells it to the client at cost plus the profit agreed upon in the promise. Murabaha financing is recorded at the invoiced amount and profit is recognized. Profit on that portion of sale revenue not due for payment is deferred and recognized as liability. Goods purchased by the Modaraba but remained unsold, if any with the Modaraba at balance sheet date constitute inventories.

4.5 Leases (Ijarahs)

Modarabas are required to enter into lease contracts in accordance with the principles of Sharia and in the form approved by Modaraba's Religious Board. The principles of Sharia prohibit the Modaraba from undertaking any interest based transactions. The application of these principles has profound implications on the accounting treatment for leases which are divergent from the accounting treatment pronounced by IAS 17, which are explained as follows:

- (i) Although all the leases entered into by the Modaraba are fully paid out leases but, in accordance with the principles of Sharia substantial risks and rewards incidental to ownership of leased assets remain with the Modaraba as a lessor and are not transferred to the lessee, and
- (ii) The method of income recognition of finance lease prescribed by IAS-17 is interest based which is against the injunctions of Sharia.

In view of the above anomalies and in accordance with the injunctions of Sharia, the leased out asset is recorded in the Modaraba's accounts as operating lease.

4.6 Diminishing Musharakah Financing

In Diminishing Musharakah based financing, the Modaraba enters into a Musharakah based on Shirkat-ul-milk for financing an agreed share of asset (e.g. house, land, plant or machinery, crops etc) with its customers and enters into periodic profit payment agreement for the utilization of the Modaraba's Musharakah share by the customer.

4.7 Tangible fixed assets

4.7.1 Operating fixed assets in own use and depreciation

Operating fixed assets are stated at cost less accumulated depreciation. Depreciation is charged to income by applying the straight-line method at the rates given in note 17.2.

Depreciation on additions to operating fixed assets is charged from the month in which the asset is acquired while no depreciation is charged for the month in which the asset is disposed off.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized. Gain/loss on disposal of assets is charged to current year's income.

4.7.2 Assets given to customers on lease and depreciation

Leased assets are stated at cost less accumulated depreciation. Depreciation is charged to income by applying the straight line method whereby the cost of an asset less salvage value is written off over the leased period, which is considered to be the estimated useful life of the asset. Depreciation on additions and disposals during the year is charged proportionately from the date of commencement of the lease to the date of its maturity/termination.

4.7.3 Assets given to customers under ijarah agreements

Assets given to customers under ijarah arrangements on or after 01 July 2008 are accounted for as operating lease and are stated at cost less accumulated depreciation and impairment loss, if any. Assets under ijarah arrangements are depreciated on straight line basis over the shorter of ijarah term or asset's useful life. In respect of additions and transfer during the year, depreciation is charged proportionately to the period of ijarah.

4.7.4 Impairment

Services of independent valuers are used to value the assets. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss account.

4.8 Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Fixed assets once classified as held for sale are not depreciated.

4.9 Trade debts

Trade debts originated by the Modaraba are recognized and carried at original invoice amount less an allowance for any uncollectible amounts. Known bad debts are written off and provision is made against debts considered doubtful when collection of the full amount is no longer probable.

4.10 Inventories

Murabaha transaction are entered into on customer order basis, therefore, in normal circumstances there is no inventory. However, if any inventory remains unsold by the modaraba at period end will be measured at lower of cost and net realizable value. Cost is determined on the first in first out basis.

4.11 Ijarah Assets

The Modaraba recognizes ijarah payments under an Ijarah agreement as an expense in the profit and loss account on a straight line basis over the Ijarah term.

4.12 Revenue recognition

4.12.1 Murabaha profit

Profit on finances under Murabaha arrangements is recognized on a pro-rata basis taking into account the duration of placement of funds. Income on Murabaha executed on or after 1 July 2009 is accounted for on culmination of murabaha transaction. However, profit not due for payment in the current year is deferred by accounting for unearned murabaha income with corresponding credit to deferred Murabaha income which is recorded as a liability. The same is then recognized as revenue on a time proportionate basis.

4.12.2 Diminishing Musharakah profit

Profit on Diminishing Musharakah financings are recognised on accrual basis.

4.12.3 Lease rentals

The Modaraba records all lease transactions as operating leases. Lease rentals are recognized as income when lease installments become due under the agreements.

4.12.4 Ijarah rentals

For ijarah agreements executed on or after July 01, 2008 ijarah rentals are recognized as income on accrual basis as and when the rental become due over the ijarah period.

4.12.5 Dividend income

Dividend income is recognized when the right to receive payment is established.

4.12.6 Capital gain or loss

Capital gain or loss on sale of investments is recognized in the period in which it arises.

4.13 Taxation

Current:

Provision for current taxation is based on taxable income at current rates of taxation after taking into account applicable tax credit, rebates and exemption available, if any. The income of non-trading modarabas is exempt from tax provided that not less than 90% of their profits are distributed to the certificate holders.

Deferred:

Deferred taxation is accounted for using the balance sheet liability method providing for temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary timing differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated based on the rates that have been enacted or substantively enacted up to the balance sheet date and are expected to apply to the period when the difference arises.

4.14 Financial instruments

Financial instruments include long term deposits, trade debts, advances, deposits and other receivables, cash and bank balances, murabaha finances, ijarah rental receivables, investments, creditors, accrued and other liabilities.

Financial assets and liabilities are recognized at the time the Modaraba becomes a party to the contractual provisions of the instruments.

The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

Financial assets are derecognized when the Modaraba loses control of the contractual rights that comprise the financial asset. The Modaraba loses such control if it realizes the rights to benefits specified in contract, the rights expire or the Modaraba surrenders those rights.

Financial liabilities are derecognized when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on subsequent measurement and de-recognition is charged to the profit and loss account currently.

Financial assets and liabilities are offset when the Modaraba has a legally enforceable right to offset and intends to settle either on a net basis or to realize the asset and settle the liability simultaneously.

4.15 Retirement and termination benefits

The Modaraba operates a defined contributory approved provident fund for all its employees. The Modaraba and the employees both make equal monthly contributions to the fund at the rate of 10% of the basic salary of employees.

4.16 Dividend

Dividend distribution to the Modaraba's certificate holders is recognized as a liability in the financial statements in the period in which the dividends are approved by the Modaraba Management Company.

4.17 Earnings per certificate

Earnings per certificate is calculated by dividing the profit after taxation for the year by the weighted average number of certificates outstanding during the year.

17.2.1 The present management, after taking over the control of Modaraba on February 23, 2009, prompted to verify the status of land measuring 10 kanals, costing Rs. 10,728,400 situated at Mauza Amer Sidhu, Lahore Cantt with the revenue authorities and it was known that the land was acquired by Defence Housing Authority, Lahore (DHA) many years ago. After then, contact was made with DHA and various communications were exchanged to take possession of land from DHA. DHA through its letter dated June 11, 2009 intimated that DHA is the lawful owner of the land; therefore, its possession cannot be handed over to the Modaraba. DHA officials are of the view that the said land was purchased by DHA much earlier to the alleged purchase of Modaraba, however, no documentary proof to this affect has been made available to the Modaraba so far. Meanwhile, the Modaraba has filed legal suit for possession of land in the Civil Court. The management and legal counsel of the Modaraba are confident that Modaraba has valid claim against DHA because title and sale deed is in name of Modaraba and accordingly no loss has been charged against such land.

17.2.2 Management intends to use this land for administration purposes in near future.

17.3 Disposal of operating fixed assets

34. FINANCIAL RISK MANAGEMENT

34.1 Financial risk factors

The Modaraba's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Modaraba's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors (the Board) of the management company, chief operating officer and chief financial officer. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Modaraba is not exposed to currency risk arising from currency exposure as Modaraba is not involved in foreign currency transactions.

(ii) Equity price risk

Equity price risk represents the risk that the fair value of equity investments will fluctuate because of changes in levels of indices, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Modaraba is exposed to equity price risk as modaraba hold available for sale and held for trading investments.

	2013	2012
Reporting date all index points	<u>21,006</u>	<u>13,801</u>

	Changes in KSE all Index	Effects on Profit Before Tax	Effects on Equity
Available-for-sale investments		-----Rupees-----	
	+10%	-	853,500
2013	-10%	-	(853,500)
	+10%	-	998,157
2012	-10%	-	(998,157)
Held-for-trading investments			
	+10%	3,404	-
2013	-10%	(3,404)	-
(iii) Profit rate risk			
	+10%	210,654	-
2012	-10%	(210,654)	-

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market mark up rates.

The Modaraba has no significant long-term interest-bearing assets. The Modaraba's mark up/profit rate risk arises from long term Murabaha financing, short term Murabaha financing, short term musharika financing, investments and ijarah.

At the balance sheet date the interest rate profile of the Modaraba's mark up bearing financial instruments was:

Fixed rate instruments

Financial assets:

	2013 Rupees	2012 Rupees
Short term murabaha finances	62,840,060	94,053,516
Long term murabaha finances	89,119,218	50,300,582
Ijarah rental receivables	18,777,698	16,068,334
Short term diminishing musharakah finances	16,533,309	12,106,003

Floating rate instruments

Financial assets:

	2013 Rupees	2012 Rupees
Bank balances - deposit accounts	-	-
Long term investments - available-for-sale	8,031,750	8,719,250

Fair value sensitivity analysis for fixed rate instruments

The Modaraba does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the Modaraba.

Cash flow sensitivity analysis for variable rate instruments

If interest rates, at the year end date, fluctuates by 1% higher / lower with all other variables held constant, profit after taxation for the year would have been Rupees 100,019 lower / higher (2012: Rupees 98,568). This analysis is prepared assuming the amounts of floating rate instruments outstanding at balance sheet dates were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2013 Rupees	2012 Rupees
Bank balances	3,412,266	24,538,761
Short term investments	34,040	2,106,540
Advances, deposits and other receivables	16,657,954	6,318,810
Short term murabaha finances	62,840,060	94,053,516
Ijarah rental receivables	18,777,698	16,068,334
Short term diminishing musharakah finances	16,533,309	12,106,003
Accrued profit	3,963,832	3,409,529
Long term murabaha finances	29,595,217	6,216,554
Long term deposits	1,303,962	1,184,362
Long term Investments	8,535,001	9,981,573
	161,653,339	175,983,982

Geographically all credit exposure is concentrated in Pakistan.

The maximum exposure to credit risk for receivables (murabaha financing, musharika financing and lease rental receivables) at the reporting date by type of customer was:

Textile Spinning	10,534,172	9,230,290
Textile Composite	31,498,283	19,453,962
Fuel and Energy	3,567,482	2,376,700

The Modaraba has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Modaraba has internally developed rating criteria to rate its customers which is supplemented by ratings supplied by independent rating agencies where available. The Modaraba also uses other publicly available financial information and its own trading records to rate its customers. The Modaraba's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed annually.

The management monitors and limits Modaraba's exposure to credit risk through monitoring of clients' credit exposure, reviews and conservative estimates of provisions for doubtful receivables, if any, and through the prudent use of collateral policy. The management is of the view that it is not exposed to significant concentration of credit risk as its financial assets are adequately diversified in organizations of sound financial standing covering various industrial sectors and segments.

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate. The table below shows the bank balances and investments held with some major counterparties at the balance sheet date:

Further the Modaraba's exposure to credit risk and impairment losses related to murabaha financing, Ijarah financing, investments and other receivables is disclosed in Note 6,7,8,9,10,11 and 12 respectively.

Due to the Modaraba and its other related entity's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing and collaterals, the management does not expect non-performance by these counter parties on their obligations to the Modaraba. Accordingly, the credit risk is moderate.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Modaraba's reputation. In spite of the fact that the Modaraba is in a positive working capital position at the year end, management believes the liquidity risk to be low.

The table below analysis the Modaraba's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equates to their carrying balances as the impact of discounting is not significant.

	Carrying Amount	Contractual cash flows	Less than 1 year	Between 1 and 5 years	Over 5 years
30 June 2013					
	------(Rupees)-----				
Customers' security deposits	94,387,675	94,387,675	34,943,535	59,444,140	-
Creditors, accrued and other liabilities	29,673,156	29,673,156	24,682,082	4,991,074	-
	124,060,831	124,060,831	59,625,617	64,435,214	-
30 June 2012					
Customers' security deposits	94,362,017	94,362,017	33,758,135	60,603,882	-
Creditors, accrued and other liabilities	25,536,999	25,536,999	24,774,593	762,406	-
	119,899,016	119,899,016	58,532,728	61,366,288	-

The contractual cash flows relating to the above financial liabilities have been determined on the basis of markup / profit rates effective as at 30 June 2012. The rates of mark up have been disclosed in respective notes to the financial statements.

34.2 Fair values of financial assets and liabilities

All financial assets and financial liabilities are initially recognized at the fair value of consideration paid or received, net of transaction costs as appropriate, and subsequently carried at fair value or amortized cost.

The carrying values of all financial assets and liabilities reflected in financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

The basis for determining fair values is as follows:

Interest rates used for determining fair value

The interest rates used to discount estimated cash flows, when applicable, are based on the government yield curve at the reporting date plus an adequate credit spread. Since the majority of the financial assets are fixed rate instruments, there is no significant difference in market rate and the rate of instrument, fair value significantly approximates to carrying value.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1	Level 2	Level 3

34.4 Capital risk management

The modaraba's objectives when managing capital are to safeguard the Modaraba's ability to continue as a going concern in order to provide return for certificate holders and benefits for other stakeholders and to maintain healthier capital ratios in order to support its business and maximize certificate holders value. The Modaraba manages its capital structure and makes adjustments to it, in the light of changes in economic conditions. To maintain or adjust the capital structure, the Modaraba may adjust dividend payments to the shareholders, return on capital to certificate holders or issue new shares.

No changes were made in the objectives, policies or processes from the previous year. The modaraba monitors capital using gearing ratio, which is debt divided by equity plus debt. Debt represent loans, customer security deposits, creditors, accrued and other liabilities, less cash and cash equivalents of Modaraba. Total capital employed includes 'total equity' as shown in the balance sheet plus debt.

The gearing ratio as at year end is as follows:

	Note	2013 Rupees	2012 Rupees
Customers' security deposits	18	94,387,675	94,362,017
Creditors, accrued and other liabilities	19	29,615,649	25,536,999
Less: Cash and bank balances	5	(3,412,266)	(24,538,761)
