EQUITY MARKETS REVIEW

Pakistan's equity market saw another productive year as the benchmark index retained its position as the most lucrative investment avenue across the frontier and regional market. The primary benchmark index yielded 52% YoY, outpacing major frontier markets. The benchmark index climbed steadily throughout the first half of fiscal year, generating 22.5% on account of monetary easing. In the wake of decelerating inflation, the Central Bank slashed the key policy rate by 250bps over the first half, bringing the key policy rate down to a single digit. The aggressive easing stance resonated in corporate fundamentals and valuations, making them highly attractive across the board. Resultantly, investor confidence strengthened and sentiments turned bullish.

The second half was considerably more composed, as market direction was dominated primarily by political landscape and developments. Nevertheless, market confidence recovered as political clarity improved over election results. With the smooth transition of power, PML (N) won a sweeping majority in general elections. The index broke record high levels as the pro-business center promoted bullish sentiments, registering a return of 24.3% over the latter half.

The outgoing year also saw developments on the corporate front, where the index heavy weight Unilever opted for delisting at the local bourse. Major movement was witnessed in the Pharma and Cement sector, which registered returns of 132% and 112%, respectively over the outgoing fiscal year.

Going forward, the market is expected to remain buoyed by expected support from Extended Loan Facility (EFF) of the International Monetary Fund, especially in light of stressed reserves and non-materialization of Coalition Support Funds. That said, the equity market is currently exposed to economic reservations, particularly deteriorating foreign reserves, depreciating Pak Rupee and widening balance of payment deficit.

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

PERFORMANCE REVIEW

Your fund ended the year with a robust return of 20.26%. The fund yielded a monthly return of 1.42%, outpacing the benchmark by a whopping 330bps. At the start of the fiscal year, your fund's equity exposure was aligned in line with monetary direction, foreign portfolio investments and political noise. The asset mix evolved in tandem with ongoing local and international developments to minimize risk and provide superior risk adjusted performance. Exposure was increased in the final months to capitalize on the bullish momentum created by pre-election expectations and the eventual election results in which the PML-N emerged with a landslide victory. Going forward, the fund will continue to exercise its proactive investment philosophy and adjust exposure to equities and fixed income accordingly.

ASSET ALLOCATION

INCOME DISTRIBUTION

The Board of directors has approved final distribution at the rate of 12.75% (i.e Rs. 12.75 per unit of par value of Rs.100 each).

MUTUAL FUND RATING

JCR-VIS has assigned three years fund performance ranking of "MFR 2 –Star" (3 year ranking), "Below average Performance" to FAAF.

FUND MANAGER'S REPORT

Economic Review

The outgoing fiscal year was a historic yet challenging year for Pakistan's economy wherein it continued to endure an unprecedented set of challenges in the form of widening fiscal deficit, security hazards, falling foreign exchange reserves and rising energy shortfall. These challenges kept the GDP expansion subdued to 3.6% against target of 4.3%.

The average headline Inflation for FY13 stood at 7.4% against 11% in FY12. This stayed almost 200bps below the SBP target of 9.5%. Throughout the year, inflation remained on the downside due to better supply of food and nonfood items, which in turn resulted in easing of domestic prices as well as global commodity prices. Given the relative slowdown in Inflation, the State Bank of Pakistan reduced the key policy rate by a cumulative 300bps over the year - i.e. from 12% to 9%.

Pakistan's current account balance posted a deficit of USD 2.3bn, witnessing a decline of 100% YoY. This was primarily attributable to inward remittances which continued to demonstrate a stellar performance by clocking in at USD 13.9bn - up by 5% YoY. This increase is primarily driven by government's efforts to divert remittances from informal to the formal channels. Since the launch of Pakistan Remittance Initiative (PRI), the share of worker's remittances has increased considerably from 75% in FY10 to 90% in FY13.

During FY13, the country's foreign exchange reserves depleted by over USD 7bn to close the year at USD 11bn. The fall in the reserve position was owed to repayments made to the International Monetary Fund. Pakistan made massive repayments totaling over USD 3bn to the IMF which not only deteriorated the reserve position but also pressurized the Pakistani Rupee beyond the PKR 98 mark. In order to make up for the external funding squeeze and fiscal deficit financing, the government's budgetary requirement stepped up substantially, compelling them to resort to borrowing from the financial sector.

REVIEW REPORT TO THE UNIT HOLDERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the Statement) contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of Faysal Asset Management Limited (the Management Company) of **Faysal Asset Allocation Fund** (the Fund) to comply with the Listing Regulation No. 35 (Chapter XI) of the Lahore Stock Exchange Limited where the Fund is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Management Company's compliance with the provisions of the Code in respect of the Fund and report if it does not. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Management Company's corporate governance procedures and risks.

Further, Sub-Regulation (xiii a) of Listing Regulation 35 notified by the Lahore Stock Exchange Limited requires the Management Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedure to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Management Company's compliance, in all material respects, with the best practices contained in the Code in respect of the Fund for the year ended 30 June 2013.

We refer to the clause 9 of the Statement which describes the non-compliance with the Code.

Our conclusion is not qualified in respect of the above matter.

The independent directors meet the criteria of independence under clause i (b) of the Code.

2. The directors have confirmed that none of them are serving as a director in more than seven listed companies, including the Management Company.
3. All the resident directors of the Management Company are registered as taxpayers and none of them have defaulted in payment of any loan to a banking company, a DFI or an NBFC or, being a member of a stock exchange, have been declared as a defaulter by that stock exchange.
4. During the year under review, no casual vacancy occurred on the Board.
5. The Management Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
6. The Board has developed a vision / mission statement, an overall corporate strategy and significant policies for the Fund. A complete record of particulars of significant policies along with the dates on which these were approved or amended has been maintained.
7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment, determination of remuneration and terms and conditions of employment of the Chief Executive Officer (CEO) and other executive and non-executive directors has been taken by the Board.
8. The meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter during the year. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
9. All the directors of the Management Company are well-conversant with the relevant laws applicable to the Fund and Management Company, its policies and procedures and provisions of memorandum and articles of association and are aware of their duties and responsibilities. The compliance with the requirement of certification of directors under clause (xi) of the Code shall be ensured during year ending June 30, 2014.

STATEMENT OF COMPLIANCE BY FAYSAL ASSET ALLOCATION FUND WITH THE CODE OF CORPORATE GOVERNANCE

10. The Board has approved the appointment of Chief Financial Officer and Company Secretary during the year.
11. The Directors' report relating to the Fund for the year ended June 30, 2013 has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
12. The financial statements of the Fund were duly endorsed by the CEO and CFO of the Management Company before approval of the Board.
13. The Directors, CEO, and executives do not hold any interest in the units of the Fund other than that disclosed in the Directors' report.
14. The Management Company has complied with all the applicable corporate and financial reporting requirements of the Code.
15. The Board has formed an Audit Committee. It comprises of four members, all of whom are non-executive directors of the Management Company including the chairman of the Committee who is an independent non-executive director.
16. The meetings of the Audit Committee were held at least once in every quarter and prior to the approval of interim and final results of the Fund as required by the Code. The terms of reference of the Committee have been approved in the meeting of the Board of Directors and the Committee has been advised to ensure compliance with those terms of reference.
17. The Board has formed an HR and Compensation Committee. It comprises of four members including CEO of whom three are non-executive directors and the chairman of the Committee is an independent director.
18. The Management Company has outsourced its internal audit function to KPMG Taseer Hadi & Co. Chartered Accountants (the Firm) who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Fund. Further, the Head of Internal Audit has been appointed during the year to act as coordinator between the Firm and the Board.
19. The statutory auditors of the Fund have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Management Company or units of the Fund and that the firm and all its partners are in compliance with the International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.
20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
21. The 'closed period', prior to the announcement of interim / final results, and business decisions, which may materially affect the market price of Funds' units, was determined and intimated to directors, employees and stock exchange.
22. Material / price sensitive information has been disseminated among all market participants at once through stock exchange.

We confirm that all other material principles enshrined in the Code have been complied with.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of **Faysal Asset Allocation Fund** (the Fund), which comprise the statement of assets and liabilities as at 30 June 2013, and the related statements of income, distribution, cash flows and movement in unit holders' fund for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

The Management Company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of approved accounting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the Fund's affairs as at 30 June 2013, and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2013

1. LEGAL STATUS AND NATURE OF BUSINESS

Faysal Asset Allocation Fund (the Fund) has been established under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and has been authorised as a unit trust scheme by the Securities and Exchange Commission of Pakistan (SECP) on September 21, 2005. It has been constituted under a Trust Deed, dated January 31, 2006, between AMZ Asset Management Limited (former Management Company) and Central Depository Company of Pakistan Limited (CDC) as the Trustee till February 24, 2010 and thereafter between Faysal Asset Management Limited (the Management Company), a company incorporated under the Companies Ordinance, 1984 and CDC as the Trustee, also a company incorporated under the Companies Ordinance, 1984.

The Fund is an open-end asset allocation fund and is listed on the Lahore Stock Exchange. Units are offered for public subscription on a continuous basis and the units are transferable and can be redeemed by surrendering them to the Fund.

The policy of the Fund is to invest in a mix of equity securities, fixed income and money market instruments.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the NBFC Rules, the Non Banking Finance Companies and Notified Entities Regulation, 2008 (the NBFC Regulations) and directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the requirements of the said directives prevail.

3. BASIS OF MEASUREMENT

3.1 These financial statements have been prepared under the historical cost convention, except for certain investments and derivatives which are accounted for as stated in notes 4.3 and 4.4 below.

3.2 The financial statements are presented in Pak rupees, which is the Fund's functional and presentation currency.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year, except as described in note 4.1.

NOTES TO THE FINANCIAL STATEMENTS

4.1 New and amended standards and interpretations

During the year, following amendments and interpretations to the accounting standards became effective:

IAS 1 – Presentation of Financial Statements – Presentation of items of other comprehensive income (Amendment)

IAS 12 – Income Taxes - Recovery of Underlying Assets (Amendment)

The adoption of the above standards, amendments and interpretations did not have any material effect on the financial statements of the Fund.

4.2 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the "Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed" (the Element) is created in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The Element is arrived at by comparing the unit prices with opening Ex - NAV at the beginning of the financial year. The Element so computed is recognised in the income statement except to the extent that the amount represented by unrealised appreciation / diminution arising on available-for-sale securities is included in distribution statement.

The net "element of income / loss and capital gains / losses included in prices of units sold less those in units redeemed" during an accounting period is transferred to the income statement.

4.3 Investments

The investments of the Fund, upon initial recognition, are classified as investment at fair value through profit or loss, available-for-sale or held to maturity investments as appropriate.

All investments, are initially measured at fair value plus, in the case of investments not at fair value through profit or loss, transaction costs that are directly attributable to acquisition.

All regular way purchases / sales of investments that require delivery within the time frame established by the regulation of market convention are recognised on the trade date, i.e. the date on which the Fund commits to purchase / sell the investment. Regular way purchases / sales of investments require delivery of securities within the period generally established by the regulation or market convention such as "T+2".

NOTES TO THE FINANCIAL STATEMENTS

At fair value through profit or loss

This category has two sub-categories, namely; financial instruments held-for-trading, and those designated at fair value through profit or loss upon initial recognition.

- Investments which are acquired principally for the purposes of generating profit from short-term fluctuation in price or are part of the portfolio in which there is recent actual pattern of short-term profit taking are classified as held-for-trading.
- Investments designated at fair value through profit or loss upon initial recognition include those group of financial assets which are managed and their performance evaluated on a fair value basis, in accordance with the documented risk management / investment strategy.

These investments are initially recognised at fair value, being the cost of the consideration given.

After initial measurement, investment at fair value through profit or loss are carried at fair value and the gains or losses on revaluation are recognised in the income statement.

After initial measurement, investment at fair value through profit or loss are carried at fair value and the gains or losses on revaluation are recognised in the income statement.

Held to maturity investments

Investment securities with fixed maturities and fixed or determinable payments are classified as 'held-to-maturity investments' when management has both the intention and ability to hold to maturity. After initial measurement, such investments are carried at amortised cost less any provision for impairment except for in case of debt securities and government securities, which are carried at fair value in accordance with the requirements of the NBFC Regulations.

Available-for-sale investments

Investments which are not classified in any of the preceding categories are classified as available-for-sale investments. After initial measurement, such investments are measured at fair value with unrealised gain or loss recognised directly in the unit holders' fund until the investment is derecognised or determined to be impaired at which time the cumulative gain or loss previously recognised in unit holders' fund is taken to the income statement.

Fair value of investments is determined as follows:

Listed shares

These are valued on the basis of closing market prices quoted on the respective stock exchanges.

NOTES TO THE FINANCIAL STATEMENTS

Debt securities

These are valued at the rates quoted by Mutual Funds Association of Pakistan (MUFAP) in accordance with the SECP's Circular No. 33 of 2012 dated October 24, 2012, read with Regulation 66(b) of the NBFC Regulations.

Government securities

These are valued by reference to the quotations obtained from the Reuters page.

4.4 Derivatives

Derivative instruments held by the Fund generally comprise of futures contracts, options and forward contracts etc in the capital market. These are initially recognised at cost and are subsequently remeasured at their fair value. The fair value of derivative instruments is calculated as being the net difference between the contract price and the closing price reported on the primary exchange of the instrument. Derivative with positive market values (un-realised gains) are included in other assets and derivatives with negative market values (un-realised losses) are included in other liabilities in the statement of assets and liabilities. The resultant gains and losses are included in income currently.

Derivative financial instruments entered into by the Fund do not meet the hedging criteria as defined by IAS-39 Financial Instruments: Recognition and Measurement, consequently hedge accounting is not used by the Fund.

4.5 Securities under repurchase / resale agreements

Transactions of purchase under resale (reverse-repo) of marketable and government securities are entered into at contracted rates for specified periods of time. Securities purchased with a corresponding commitment to resell at a specified future date (reverse-repos) are not recognised in the statement of assets and liabilities. Amounts paid under these agreements are included in receivable in respect of reverse repurchase transactions. The difference between purchase and resale price is treated as income from reverse repurchase transactions and accrued over the life of the reverse-repo agreement.

Transactions of sale under repurchase (repo) of marketable and government securities are entered into at contracted rates for specified periods of time. Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the statement of assets and liabilities and are measured in accordance with accounting policies for investment securities. The counterparty liabilities for amounts received under these transactions are recorded as financial liabilities. The difference between sale and repurchase price is treated as borrowing charges and accrued over the life of the repo agreement.

NOTES TO THE FINANCIAL STATEMENTS

4.6 Impairment of financial assets

An assessment is made at each statement of assets and liabilities date to determine whether there is objective evidence that a specific financial asset may be impaired. If such evidence exists, any impairment loss, is recognised in the income statement.

Impairment is determined as follows:

- (a) for assets carried at amortised cost, impairment is based on estimated cash flows discounted at the original effective interest rate.
- (b) for assets carried at fair value, impairment is the difference between cost and fair value.
- (c) for assets carried at cost, impairment is present value of future cash flows discounted at the current market rate of return for a similar financial asset.

For available-for-sale equity investments, reversal of impairment losses are recorded as increases in cumulative changes in fair value through unit holders' fund.

In addition, a provision is made to cover impairment for specific groups of assets where there is a measurable decrease in estimated future cash flows.

4.7 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.8 Issue and redemption of units

Units issued are recorded at the offer price prevalent on the day on which application form, (complete in all respects) is received. The offer price represents the net asset value of units at the end of the day plus the allowable sales load. The sales load is payable to the Management Company as processing fee. Issue of units is recorded on acceptance of application for sale.

Units redeemed are recorded at the redemption price, prevalent on the day on which the redemption form (complete in all respects) is accepted. The redemption price represents the net asset value of units at the end of the day. Redemption of units is recorded on acceptance of application for redemption.

4.9 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and short-term deposits with an original maturity of three months or less. Cash and cash equivalents are carried in the statement of assets and liabilities at cost.

NOTES TO THE FINANCIAL STATEMENTS

4.10 Revenue recognition

Gain or loss on sale of investments is accounted for in the year in which it arises.

Dividend income on equity securities are recognised in the income statement when the right to receive the dividend is established.

Unrealised gains or losses arising on revaluation of investments classified as 'at fair value through profit or loss' are included in the income statement in the period in which they arise.

Mark-up on government securities, debt securities, return on certificates of investment, profit on clean placements, return on bank balances and income from reverse repurchase agreements are recognised on a time proportion basis using effective interest rate method.

4.11 Taxation

The Fund is exempt from taxation under clause 99 of Part I of the 2nd Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income excluding realised and unrealised capital gains for the year is distributed amongst the unit holders.

4.12 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and the Fund intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

4.13 Net Asset Value (NAV) per unit

The net asset value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.14 Distribution to unit holders

Distribution to unit holders made subsequent to the statement of assets and liabilities date are considered as non-adjusting events and are recognised in the financial statements in the period in which such dividends are declared and approved by the Board of Directors of the Management Company.

4.15 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred in connection with incorporation, registration, establishment and authorisation of the Fund till the close of the Initial Public Offering Period. These costs are to be amortised over a period not exceeding sixty months in accordance with the Trust deeds.

NOTES TO THE FINANCIAL STATEMENTS

4.16 Financial assets and financial liabilities

All financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income statement currently.

Financial assets carried in the statement of assets and liabilities include bank balances, term deposits receipts, return on bank balances and term deposits receipts, profit on debt securities, dividends, deposits, investments and receivable against sale of investments.

Financial liabilities carried in the statement of assets and liabilities include payable to Management Company, remuneration payable to the Trustee and accrued and other liabilities.

5. ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements requires management to make judgments, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis.

Judgments made by management in the application of accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment are explained in the relevant accounting policies / notes to the financial statements.

6. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following revised standards, interpretations and amendments with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standards, interpretations and amendments:

10.1 The Management Company is entitled to a remuneration for services rendered to the Fund under the provisions of the NBFC Regulations during the first five years of a Fund's existence of an amount not exceeding three percent of the average annual net assets of the Fund and thereafter of an amount equal to two percent of such assets. The Management Company has charged its remuneration at 2% (June 30, 2012: 2%) per annum of the daily net asset value of the Fund.

10.2 During the current year, an amount of Rs.0.0476 million (June 30, 2012: Rs.Nil) was charged on account of Federal excise duty on management fee levied through Finance Bill 2013 with effect from June 13, 2013.

11. REMUNERATION PAYABLE TO THE TRUSTEE

The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net asset value of the Fund.

Payable against sale of units	12.3	276,648	-
		<u>7,495,954</u>	<u>3,372,136</u>

12.1 This represents annual fee payable to the SECP in accordance with the NBFC Regulations, whereby the Fund is required to pay SECP annually an amount equal to 0.095% (June 30, 2012: 0.095%) per annum of the daily net asset value of the Fund.

12.2 Through the Finance Act, 2008, an amendment was made in section 2(f) of the Workers' Welfare Fund Ordinance, 1971 (the WWF Ordinance) whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, it is alleged that all Collective Investment Schemes (CISs) / mutual funds whose income exceeds Rs.0.5 million in a tax year have been brought within the scope of the WWF Ordinance thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In August 2011, the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down. However, during March 2013, the SHC larger bench issued a judgment in response to various petitions in similar cases whereby the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through Finance Act, 2006 and 2008 respectively (Money Bills) have been declared constitutional and overruled a single-member Lahore High Court (LHC) bench judgment issued in August 2011.

MUFAP's legal counsel is of the view that the stay granted to mutual funds in respect of recovery of WWF remains intact and the constitution petitions filed by the Mutual Funds to challenge the Workers Welfare Fund contribution have not been affected by the Judgment passed by the larger bench of SHC.

As the matter relating to levy of WWF is currently pending in the SHC, the Management Company, as a matter of prudence, has decided to retain and continue with the provision for WWF amounting to Rs.2.249 million (June 30, 2012: Rs.1.884 million) in these financial statements. Had the provision not been made, the net asset value per unit of the Fund would be higher by Rs.1.68 (2.12%) per unit (June 30, 2012: Rs.0.418 (0.63%) per unit).

NOTES TO THE FINANCIAL STATEMENTS

12.3 This amount represents payable to Faysal Money Market Fund (FMMF), a related party, against conversion of units from FMMF to the Fund. The amount was settled on July 02, 2013.

13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2013.

15. TAXATION

The Fund's income is exempt from income tax as per clause (99) of part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Since the Management Company has distributed the income earned by the Fund during the year to the unit holders in the manner explained above as disclosed in note 19 to these financial statements, hence, no provision for taxation has been made in these financial statements.

16. TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

17. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund (also refer Annexure I to these financial statements which describes the risk management structure of the Fund). The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

17.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

NOTES TO THE FINANCIAL STATEMENTS

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As of June 30, 2013, the Fund's exposure to the risk of changes in market interest rates relates primarily to bank balances. The bank balances are subject to interest rates as declared by the respective banks on periodic basis. As at June 30, 2013, approximately 21.46% (June 30, 2012: 47.44%) of the Fund's financial assets are subject to interest rates.

The Fund is not exposed to fixed rate financial assets. Therefore, a change in their interest rates at the reporting date would not have any impact on the income and net assets of the Fund.

Management of the Fund estimates that an increase of 100 basis points in the floating interest rate, with all other factors remaining constant, would increase the Fund's income and increase the net assets of the Fund by Rs.0.228 million (June 30, 2012: Rs.1.736 million) and a decrease of 100 basis points would result in a decrease the Fund's income and decrease the net assets of the Fund by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Equity price risk

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The equity price risk exposure arises from the Fund's investment in equity securities. Management of the Fund estimates that a 5% increase or decrease in the overall equity prices in the market with all other factors remaining constant would result in increase or decrease of Fund's net assets by Rs.2.389 million (June 30, 2012: Rs.7.455 million). However, in practice, the actual results may differ from the sensitivity analysis.

The Management Company manages the above market risks through diversification of investment portfolio and placing limits on individual and aggregate exposures in accordance with the internal risk management policies and regulations laid down by the SECP.

The analysis of Fund's concentration on equity price risk is disclosed in note 8.2 and 8.4 to these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

17.2 Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holders' option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

The table below summarises the maturity profile of the Fund's financial liabilities based on contractual undiscounted payments.

17.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements. The table below analyses the Fund's maximum exposure to credit risk. The maximum exposure is shown gross, before the effect of mitigation through the use of collateral agreements at reporting date:

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk. NOTES TO THE FINANCIAL STATEMENTS

17.4 Unit Holders' Fund

The capital of the Fund is represented by the net assets attributable to holders of redeemable units. The capital structure depends on the issuance and redemption of units. The Fund's objective when managing unit holders' fund is to safeguard the Fund's ability to continue as a going concern in order to seek maximum preservation of unit holders' fund and an optimum rate of return by investing in avenues having good credit rating and liquidity and to maintain a strong capital base to support the development of the investment activities of the Fund.

The Fund has no restrictions or specific capital requirements on the subscription and redemption of units.

In accordance with the risk management policies, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption requests, such liquidity being augmented by short-term borrowings or disposal of investments where necessary.

17.5 Fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted prices in active markets for identical assets.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

As at June 30, 2013, the Fund held the following financial instruments which were measured at fair value:

	June 30, 2013			Total
	Level 1	Level 2	Level 3	
	----- (Rupees) -----			
Investments classified as 'at fair value through profit or loss'

	<u>149,105,570</u>	<u>12,380,885</u>	<u>-</u>	<u>161,486,455</u>

During the year ended June 30, 2013, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements except as follows:

	June 30, 2013 -- (Rupees) --
Opening balance	-
Cost of investment	12,380,885
Add: Unrealised loss charged in the previous year	756,158
Provision against non-performing assets	<u>(13,137,043)</u>
Closing balance	<u>-</u>

In accordance with Circular No. 33 of 2012 issued by SECP, all traded debt securities are valued on the basis of their volume weighted average price during the last 15 days while thinly traded and non traded debt securities are valued using a valuation methodology devised by MUFAP which includes variables including yields on government securities, Karachi Inter Bank Offer Rates and credit ratings. As the valuation techniques use inputs from observable market data, these securities are classified as Level 2. Rates for non-performing securities, however, are not quoted by MUFAP and are valued using the provisioning criteria prescribed by the abovementioned Circular and are hence classified as Level 3.

Hence, default on installment amounts by investee companies results in transfer into Level 3 while subsequent classification of a defaulting security as performing will result in transfer from Level 3 to Level 2.

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently differences can arise between carrying values and the fair value estimates.

NOTES TO THE FINANCIAL STATEMENTS

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value as the items are short-term in nature.

19. SUBSEQUENT EVENT

The Board of Directors of the Management Company in their meeting held on July 05, 2013 have declared a payout at the rate of 12.75% i.e. Rs.12.75 per unit (June 30, 2012: Nil). The financial statements of the Fund for the year ended June 30, 2013 do not include the effect of the payout which will be accounted for in the financial statements of the Fund subsequent to the year end.
