DIRECTORS' REPORT

The Board of Directors of NBP Fullerton Asset Management Limited is pleased to present the Sixth Annual Report of **NAFA Islamic Multi Asset Fund (NIMF)** for the year ended June 30, 2013.

Fund's Performance

During FY2012-13, the stock market (KMI-30 Index) soared by 54.4%. The positive trend in the market resulted from the combined effect of declining inflation and pursuant reduction in interest rates, improved trading activity and healthy foreign flows. Furthermore, investor confidence was boosted by first democratic transition of power in the history of Pakistan, and improved profitability outlook of the key sectors of the market.

With letup in inflationary pressures and manageable external account position, SBP slashed the Policy Rate during FY13 by 300 bps to 9%. On the corporate debt sphere, yields on the corporate sukuk in the secondary market squeezed due to the price appreciation on the back of decline in interest rates, higher risk appetite of the investors, and limited primary issuance. All corporate sukuku in the Fund are floating rate linked to KIBOR.

During the fiscal year, the return on NAFA Islamic Multi Asset Fund was 36.31% as against its benchmark (50% KMI-30 Index, 50% 3-Month Profit Rate of Islamic Banks) return of 28.44%. Thus an out-performance of 7.87% was witnessed during the year. NIMF out-performed on the back of timely asset allocation. Further, the Fund was under-weight in key stocks in Chemicals sector that lagged the market, thereby contributing to the out-performance.

NAFA Islamic Multi Asset Fund has earned total income of Rs.130.02 million during the year. After deducting total expenses of Rs.24.95 million, the net income is Rs.105.07 million.

The asset allocation of NAFA Islamic Multi Asset Fund as on June 30, 2013 is as follows:

Income Distribution

In addition to interim distribution of 4% of opening ex-NAV (4.124% of the par value), the Board of Directors of the Management Company has also approved a final distribution of 16.75%, translating into total distribution of 20.75% of opening ex-NAV (21.393% of the par value). After final distribution, the net asset value per unit will be Rs.11.8612 on June 30, 2013.

Taxation

As the above distribution is more than 90% of the income earned during the year, excluding realized and unrealized capital gains on investments, the Fund is not subject to tax under Clause 99 of the Part I of the Second Schedule of the Income Tax Ordinance, 2001.

Auditors

The present auditors, KPMG Taseer Hadi & Co., Chartered Accountants, retire and, being eligible, offer themselves for re-appointment for the year ending June 30, 2014.

Directors' Statement in Compliance with Code of Corporate Governance

1. The financial statements, prepared by the management company, present fairly the state of affairs of the Fund, the result of its operations, cash flows and statement of movement in unit holders' funds.
2. Proper books of account of the Fund have been maintained.
3. Appropriate accounting policies have been consistently applied in preparation of financial statements. Accounting estimates are based on reasonable and prudent judgment.
4. International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements.
5. The system of internal control is sound in design and has been effectively implemented and monitored.
6. There are no significant doubts upon the Fund's ability to continue as a going concern.
7. There has been no material departure from the best practices of Corporate Governance, as detailed in the listing regulations.
8. A performance table/ key financial data is given in this annual report.
9. Outstanding statutory payments on account of taxes, duties, levies and charges, if any, have been fully disclosed in the financial statements.
10. The Board of Directors of the Management Company held five meetings during the current financial year. The attendance of all directors is disclosed in the note 24 to these financial statements.
11. The detailed pattern of unit holding is disclosed in the note 23 to these financial statements.
12. All trades in the units of the Fund, carried out by directors, CEO, CFO, Company Secretary and their spouses and minor children are disclosed in note 20 to these financial statements.

Acknowledgement

The Board takes this opportunity to thank its valued unit-holders for their confidence and trust in the Management Company, and providing the opportunity to serve them. It also offers its sincere gratitude to the Securities & Exchange Commission of Pakistan and State Bank of Pakistan for their patronage and guidance.

The Board also wishes to place on record its appreciation for the hard work, dedication and commitment shown by the staff and the Trustee.

FUND MANAGER REPORT

NAFA Islamic Multi Asset Fund

NAFA Islamic Multi Asset Fund (NIMF) is an open-ended Shariah Compliant balanced fund

Investment Objective of the Fund

Objective of NIMF is to provide investors with a combination of capital growth and income by investing in a variety of asset classes such as Shariah Compliant stocks, bonds, money market instruments etc. The risk profile of the fund is moderate.

Benchmark

The Benchmark of the Fund is 50% average 3-month profit rate of Islamic Banks Deposits and 50% KMI-30 Index.

Fund performance review

During FY13, Net Asset Value (NAV) of NIMF increased by 36.31%, whereas the benchmark increased by 28.44%, thus an outperformance of 7.87% was recorded. This outperformance is net of management fee and all other expenses. Thus, NIMF has met its investment objective.

NIMF out-performed during the year on the back of timely asset allocation and better than market performance of its key holdings in the Oil & Gas, Construction & Materials, and Banking sectors. Further, the Fund was under-weight in key stocks in Chemicals sector that lagged the market, thereby contributing to the outperformance. In line with its strategy, the Fund is invested in high dividend yielding and defensive stocks.

NIMF Performance vs. Benchmark during FY13

NIMF was around 50% invested in equities at the beginning of the year. During the year, we adjusted the allocation of the Fund based on our view on different asset classes. Towards the end of the year, allocation in equities was reduced to around 32%.

Key factors responsible for the upbeat performance of the stock market during the year include: (i) 360bps decline in inflation to 7.4% and 300bps cut in discount rate to 9.0%; (ii) first democratic transition of power in the history of Pakistan; (iii) increased foreign participation with net foreign inflow of USD553mn and;(iv) improved profitability outlook of the key sectors of the market.

With letup in inflationary pressures and manageable external account position, SBP slashed the Policy Rate during FY13 by 300 bps to 9%. On the corporate debt sphere, yields on the corporate sukuk in the secondary market squeezed amid ample liquidity in the market on the back of incessant government borrowing, elevated risk appetite of the investors in search of yield and limited primary issuance. All corporate sukuk in the Fund are floating rate linked to KIBOR.

Report of the *Shariah Advisor* –NAFA Islamic Multi Asset Fund

September 17, 2013/Dhul-Qa'dah 09, 1434 A.H

Alhamdulillah, the period from July 1, 2012 to June 30, 2013 was the sixth year of operations of NAFA Islamic Multi Asset Fund (NIMF). This report is being issued in accordance with clause 5.D.3 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the Shari'ah Compliance of the Fund's activity.

We have prescribed five criteria for Shari'ah compliance of equity investments which relate to (i) Nature of business, (ii) Debt to total assets, (iii) Investment in Shari'ah Non-Compliant activities (iv) Shari'ah Non-Income from Non-Compliant Investments, (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure Shari'ah compliance in line with the Shari'ah guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries from the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of equity investments of NIMF in light of Shari'ah requirements. Following is a list of top investments of NIMF as on June 30, 2013 and their evaluation according to the screening criteria established by us. (December 31, 2012 accounts of the Investee companies have been used)

Company Name	(i) Nature of Business	(ii)* Debt to Assets (<37%)	(iii) % of Non-Shari'ah Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)

Meezan Bank Limited	Bank	**					

* All interest based debts

** These ratios are for the calculation of non-Shari'ah Compliant element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

- ii. On the basis of information provided by the management, the provisions of the Scheme and investments in equities made on account of NIMF are Shari'ah Compliant and in accordance with the criteria established by us.
- iii. There are investments made by NIMF where Investee companies have earned a part of their income from non-compliant sources (e.g. interest income received on bank deposits and etc). In such cases, the management company has been directed to set aside such proportion of the income from Investee companies as charity in order to purify the earnings of the Fund.

In light of the above, we hereby certify that nothing has come to our attention which causes to believe that the overall operations of NIMF for the period ended June 30, 2013 are not in compliance with the Shari'ah principles.

During the period a provision of PKR 232,620 was created, out of which PKR 22,453.62 were adjusted on the basis of the annual financial statements, and therefore the same are to be disbursed into Charity. However, the rest of the provisional amount will be adjusted after the availability of their respective annual financial statements.

May Allah bless us with best Tawfeeq to accomplish our cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

Independent Assurance Report to the Unit Holders on the Statement of Compliance with the Shariah Principles

We were engaged by the Board of Directors of NBP Fullerton Asset Management Limited, Management Company of **NAFA Islamic Multi Asset Fund** (the Fund), to report on Fund's Compliance with the Shariah principles as set out in the annexed statement prepared by the management company for the year ended 30 June 2013 in the form of an independent reasonable assurance conclusion about whether the annexed statement presents fairly, in all material respects, the status of the Fund's compliance with Shariah principles specified in the Trust Deed and in the guidelines issued by the Shariah Advisor as required under clause 5.D.3 of the Trust Deed of the Fund.

Management Company's Responsibilities

The management company of the Fund is responsible for preparing the annexed statement that is free from material misstatement in accordance with the Shariah principles specified in the Trust Deed and in the guidelines issued by the Shariah Advisor. This responsibility includes designing, implementing and maintaining internal control relevant to the operations of the Fund in accordance with the Shariah principles and to ensure that Fund's investments and placements are made in compliance with Shariah principles.

Our Responsibilities

Our responsibility is to examine the annexed statement prepared by the Management Company and to report thereon in the form of an independent reasonable assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with International Standard on Assurance Engagements (ISAE 3000) 'Assurance Engagements Other Than Audits or Reviews of Historical Financial Information' issued by the International Auditing and Assurance Standards Board. That standard requires that we comply with ethical requirements, including independence requirements, and plan and perform our procedures to obtain reasonable assurance about whether the annexed statement fairly presents the status of the Fund's compliance with the Shariah principles specified in the Trust Deed and in the guidelines issued by the Shariah Advisor.

The procedures selected depend on our judgment, including the assessment of the risks of material non-compliance with Shariah principles whether due to fraud or error. In making those risk assessments, we have considered internal control relevant to the operations of the Fund in accordance with the Shariah principles in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of the Fund's internal control.

The procedures performed included:

1. Checking compliance of specific guidelines issued by the Shariah Advisor relating to charity, maintaining bank accounts and for making investments of the Fund.
2. Check that the Shariah Advisor has certified that investments made by the Fund during the year ended 30 June 2013 are in compliance with the Shariah principles and where required purification of income from non-compliant sources has been made in consultation with the Shariah Advisor.

Conclusion

Our conclusion has been formed on the basis of, and is subject to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

In our opinion, the annexed statement, in all material respects, presents fairly the status of the Fund's compliance with the Shariah principles specified in the Trust Deed and in the guidelines issued by the Shariah Advisor for the year ended 30 June 2013.

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of NBP Fullerton Asset Management Limited (“Management Company”) to comply with the Listing Regulations of the Lahore Stock Exchange Limited (formerly Lahore Stock Exchange (Guarantee) Limited), where the Fund is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Fund’s compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Management Company’s personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board’s statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company’s corporate governance procedures and risks.

Further, Listing Regulations notified by the Lahore Stock Exchange Limited (formerly Lahore Stock Exchange (Guarantee) Limited) requires the Management Company to place before the Board of Directors for their consideration and approval of related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm’s length transactions and transactions which are not executed at arm’s length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm’s length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Fund’s compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Fund for the year ended 30 June 2013.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

Report on the Financial Statements

We have audited the accompanying financial statements of NAFA Islamic Multi Asset Fund ("the Fund"), which comprise of the statement of assets and liabilities as at 30 June 2013 and the income statement, statement of comprehensive income, distribution statement, cash flow statement, statement of movement in Unit Holders' Fund for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

The Management Company of the Fund is responsible for the preparation of the financial statements in accordance with approved accounting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of the financial statements that is free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Fund's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the Fund's affairs as at 30 June 2013 and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation Rules, 2003) and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

Notes to and forming part of the Financial Statements For the year ended 30 June 2013

1 LEGAL STATUS AND NATURE OF BUSINESS

NAFA Islamic Multi Asset Fund ("the Fund") was established under a Trust Deed executed between NBP Fullerton Asset Management Limited as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on 20 August 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on 03 September 2007 in accordance with the Non-Banking Finance Companies (Establishment and Regulation) Rules 2003.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by SECP. The registered office of the Management Company was situated at 9th Floor, Adamjee House, I.I.Chundrigar Road, Karachi. From 4 February 2013, the principal office of the Management Company is shifted to 7th floor, Clifton Diamond Building, Block No. 4, Scheme No. 5, Clifton, Karachi. The Management Company is also the member of MUFAP.

The Fund is an open-ended mutual fund and is listed on the Lahore Stock Exchange. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.

The Board of Directors have approved that the Fund should be categorized as "Shariah Compliant (Islamic) Scheme" and "Balanced Fund" as per the categories defined by the Securities and Exchange Commission of Pakistan.

The core objective of the Fund is to provide preservation of capital and earn a reasonable rate of return. The principal activity of the Fund is to make investments in Shariah compliant securities, instruments and avenues such as equities, musharikhah, murabahah, ijarah, etc. having a good credit rating and liquidity subject to the guidelines prescribed by SECP.

The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2 to the Management Company. Based on the performance of the Fund, rating issued on 04 November 2011, it has assigned performance ranking of Four Star to the Fund.

Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRS, the requirements of the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

2.2 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which are carried at fair values.

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Fund's functional currency. All financial information presented in Pakistan Rupees has been rounded to the nearest thousand rupees, except otherwise stated.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise their judgment in the process of applying the Fund's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in application of accounting policies principally relate to classification and valuation of investments and impairment thereagainst (note 3.1.1 and 3.1.5).

2.5 Standards, interpretations and amendments which became effective during the year

Following are the amendments of approved accounting standards which became effective for the current period:

- IAS 1 - Presentation of Financial Statements – Presentation of items of other comprehensive income (Amendment)
- IAS 12 - Deferred tax on investment property (Amendment)

The adoption of the above amendments of the standards did not have any impact on the financial statements except for additional disclosures as required by IAS 1 amendment.

2.6 Standards, Interpretations and Amendments not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 01 July 2013:

- IAS 19 Employee Benefits (amended 2011) - (effective for annual periods beginning on or after 1 January 2013). The amended IAS 19 includes the amendments that require actuarial gains and losses to be recognised immediately in other comprehensive income; this change will remove the corridor method and eliminate the ability for entities to recognise all changes in the defined benefit obligation and in plan assets in profit or loss, which currently is allowed under IAS 19; and that the expected return on plan assets recognised in profit or loss is calculated based on the rate used to discount the defined benefit obligation. The amendments have no impact on financial statements of the Fund.
- IAS 27 Separate Financial Statements (2011) - (effective for annual periods beginning on or after 1 January 2013). IAS 27 (2011) supersedes IAS 27 (2008). Three new standards IFRS 10 - Consolidated Financial Statements, IFRS 11- Joint Arrangements and IFRS 12- Disclosure of Interest in Other Entities dealing with IAS 27 would be applicable effective 1 January 2013. IAS 27 (2011) carries forward the existing accounting and disclosure requirements for separate financial statements, with some minor clarifications. The amendments have no impact on financial statements of the Fund.
- IAS 28 Investments in Associates and Joint Ventures (2011) - (effective for annual periods beginning on or after 1 January 2013). IAS 28 (2011) supersedes IAS 28 (2008). IAS 28 (2011) makes the amendments to apply IFRS 5 to an investment, or a portion of an investment, in an associate or a joint venture that meets the criteria to be classified as held for sale; and on cessation of significant influence or joint control, even if an investment in an associate becomes an investment in a joint venture. The amendments have no impact on financial statements of the Fund.
- Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32) – (effective for annual periods beginning on or after 1 January 2014). The amendments address inconsistencies in current practice when applying the offsetting criteria in IAS 32 Financial Instruments: Presentation. The amendments clarify the meaning of ‘currently has a legally enforceable right of set-off; and that some gross settlement systems may be considered equivalent to net settlement. The amendment is not likely to have significant impact on financial statements of the Fund
- Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) – (effective for annual periods beginning on or after 1 January 2013). The amendments to IFRS 7 contain new disclosure requirements for financial assets and liabilities that are offset in the statement of financial position or subject to master netting agreement or similar arrangement. The amendment is not likely to have significant impact on financial statements of the Fund.

Annual Improvements 2009–2011 (effective for annual periods beginning on or after 1 January 2013). The new cycle of improvements contains amendments to the following four standards, with consequential amendments to other standards and interpretations. The amendment is not likely to have significant impact on financial statements of the Fund.

- IAS 1 Presentation of Financial Statements is amended to clarify that only one comparative period – which is the preceding period – is required for a complete set of financial statements. If an entity presents additional comparative information, then that additional information need not be in the form of a complete set of financial statements. However, such information should be accompanied by related notes and should be in accordance with IFRS. Furthermore, it clarifies that the ‘third statement of financial position’, when required, is only required if the effect of restatement is material to statement of financial position.
- IAS 16 Property, Plant and Equipment is amended to clarify the accounting of spare parts, stand-by equipment and servicing equipment. The definition of ‘property, plant and equipment’ in IAS 16 is now considered in determining whether these items should be accounted for under that standard. If these items do not meet the definition, then they are accounted for using IAS 2 Inventories.
- IAS 32 Financial Instruments: Presentation - is amended to clarify that IAS 12 Income Taxes applies to the accounting for income taxes relating to distributions to holders of an equity instrument and transaction costs of an equity transaction. The amendment removes a perceived inconsistency between IAS 32 and IAS 12.

- IAS 34 Interim Financial Reporting is amended to align the disclosure requirements for segment assets and segment liabilities in interim financial reports with those in IFRS 8 Operating Segments. IAS 34 now requires the disclosure of a measure of total assets and liabilities for a particular reportable segment. In addition, such disclosure is only required when the amount is regularly provided to the chief operating decision maker and there has been a material change from the amount disclosed in the last annual financial statements for that reportable segment.
- IFRIC 20 - Stripping cost in the production phase of a surface mining (effective for annual periods beginning on or after 1 January 2013). The interpretation requires production stripping cost in a surface mine to be capitalized if certain criteria are met. The amendments have no impact on financial statements of the Fund.
- IFRIC 21- Levies 'an Interpretation on the accounting for levies imposed by governments' (effective for annual periods beginning on or after 1 January 2014). IFRIC 21 is an interpretation of IAS 37 Provisions, Contingent Liabilities and Contingent Assets. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event (known as an obligating event). The Interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy.
- IAS 39 Financial Instruments: Recognition and Measurement- Novation of Derivatives and Continuation of Hedge Accounting (Amendments to IAS 39) (effective for annual periods beginning on or after 1 January 2014). The narrow-scope amendments will allow hedge accounting to continue in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulation, if specific conditions are met (in this context, a novation indicates that parties to a contract agree to replace their original counterparty with a new one).
- Amendment to IAS 36 "Impairment of Assets" Recoverable Amount Disclosures for Non-Financial Assets (effective for annual periods beginning on or after 1 January 2014). These narrow-scope amendments to IAS 36 Impairment of Assets address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies as set out below are consistently applied for all periods presented in these financial statements.

3.1 Financial assets

3.1.1 Classification

The Fund classifies its financial assets in the following categories: loans and receivables, at fair value through profit or loss, held to maturity and available for sale. The classification depends on the purpose for which the financial assets were acquired. The management determines the appropriate classification of its financial assets in accordance with the requirement of International Accounting Standard (IAS)39: ' Financial Instruments: Recognition and Measurement', at the time of initial recognition and re-evaluates this classification on a regular basis.

a) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

b) Financial assets 'at fair value through profit or loss'

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the financial assets 'at fair value through profit or loss' category.

c) Held to maturity

Investments with fixed or determinable maturity where management has both the positive intent and ability to hold maturity are classified as held to maturity.

d) Available for sale

Non-derivative financial assets that are intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in prices. Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables, (b) held to maturity investments or (c) financial assets at fair value through profit or loss.

3.1.2 Regular way contracts

All regular purchases and sales of financial assets that require delivery within the time frame established by regulation or market convention are recognised on the trade date - the date on which the Fund commits to purchase or sell the assets.

3.1.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

3.1.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as at fair value through profit or loss and available for sale are valued as follows:

a) Basis of valuation of debt securities

The debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 33 of 2012 dated 24 October 2012 (which is essentially the same as contained in Circular No. 1 of 2009, previously used). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

b) Basis of valuation of equity securities

The investment of the Fund in equity securities is valued on the basis of closing quoted market prices available at the stock exchange.

c) Basis of valuation of Government Securities

The government securities are valued on the basis of rates announced by the Financial Markets Association of Pakistan.

Net gains and losses arising from changes in fair value of available for sale financial assets are taken to the statement of comprehensive income until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the 'income statement'.

Net gains and losses arising from changes in the fair value of financial assets carried at fair value through profit or loss are taken to the Income Statement.

Subsequent to the initial recognition, financial assets classified as 'loans and receivables' are carried at amortised cost using the effective interest method.

3.1.5 Impairment of financial assets

The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the income statement.

Provision for non-performing debt securities and other exposures is made in accordance with the criteria specified in Circular No. 33 of 2012 dated 24 October 2012 issued by SECP. The provisioning policy has been duly formulated and approved by the Board of Directors of Management Company.

3.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

3.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

3.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and the Fund intends to either settle on a net basis, or to realise the asset and settle the liability

3.4 Derivative Financial Instruments

Derivative instruments that are held by the Fund primarily comprise of futures contracts in the capital market and are classified in held for trading investments, subcategory under investment 'at fair value through profit or loss'. These are measured at initially and of each subsequent measurement at their fair values which is calculated as being the net difference between the contract price and the closing price reported on the primary exchange of the futures contract. Derivatives with positive market values (unrealised gains) are included in other assets and derivatives with negative market values (unrealised losses) are included in other liabilities in the balance sheet. The resultant gains and losses are included in the income currently. All derivatives in a net receivables positions (positive fair values) and reported as financial asset held for trading. All derivatives in a net payable position (negative fair values) are reported as financial liabilities held for trading.

3.5 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of operations of the Fund. These costs are being amortised over a period of five years in accordance with the requirements set out in the Trust Deed of the Fund and the NBFC Regulations.

3.6 Provision

A provision is recognised in the balance sheet when the Fund has a legal or constructive obligation as result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are regularly reviewed and are adjusted to reflect the current best estimate.

3.7 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed among the unit holders. The Fund is exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. In addition, the Fund also records deferred tax asset if any to the extent that it is probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of taxation in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year.

3.8 Proposed distribution

Distributions declared subsequent to the balance sheet date are considered as non-adjusting events and are recognised in the financial statements in the period in which such distributions are declared. Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, requires that the Fund is required to distribute 90% of the net accounting income other than unrealized capital gains / loss to the unit holders.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours of that day. The offer price represents the Net Asset Value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company, Investment facilitators or distributors. Transaction costs are recorded as the income of the Fund.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours on that day. The redemption price represents the Net Asset Value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' is created. The 'element of income / (loss) and capital gains / (losses) in prices of units issued less those in units redeemed' account is credited with the amount representing net income / (loss) and capital gains / (losses) accounted for in the net assets value and included in the sale proceeds of units. Upon redemption of units, the 'element of income / (loss) and capital gains / (losses) in prices of units issued less those in units redeemed' account is debited with the amount representing net income / (loss) and capital gains / (losses) accounted for in the net assets value and included in the redemption price.

The 'element of income / (loss) and capital gains / (losses) in prices of units issued less those in units redeemed' during the year is included in the amount available for distribution to the unit holders.

3.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

3.12 Net Assets Value Per Unit

The Net Asset Value per unit as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.13 Revenue recognition

- Realised capital gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of investments classified as ' Financial assets at fair value through profit or loss ' are included in the Income Statement in the period in which they arise.
- Unrealised gains / (losses) arising on revaluation of investments classified as ' Available for sale investments ' are included in the Other Comprehensive Income in the period in which they arise.
- Dividend income is recognised when the right to receive the same is established i.e. on the date of book closure of the investee company / institution declaring the dividend
- Profit on bank deposits, investments in debt securities and income from government securities is recognised using the effective interest method.

3.14 Cash and cash equivalents

Cash and cash equivalent comprise of bank balances and those investments which are readily convertible to known amount of cash subject to an in significant risk of significant changes of values and have maturities of less than three months from the date of acquisition.

3.15 Foreign currency translation

Transactions in foreign currencies are translated into Rupees at rates of exchange on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistani Rupees at the rates of exchange ruling on the balance sheet date. All other exchange differences are charged to income statement.

5.2.2 All sukuk bonds have a face value of Rs 5,000 each.

5.2.3 Fair value of all performing sukuk certificates classified as investments at fair value through profit or loss is determined using rates notified by the Mutual Funds Association of Pakistan (MUFAP).

5.2.3.1 This represents investment in privately placed sukuk bonds issue with a term of five years. On 6 May 2011, these Sukuks have been classified as non performing by MUFAP. Accordingly the Fund has valued these sukuks at the price lower than the last price quoted by MUFAP. Although the Fund has received all installments due as per restructured terms, accrual of profit has been suspended and all income has been recognised on receipt basis.

5.2.3.2 The sukuks of Maple Leaf Cement Factory Limited (MLCFL) were restructured on 30 March 2010. In accordance with the terms of restructuring, the amount of markup due on 03 December 2009 was partially off-set through issuance of new sukuks, "Maple Leaf Cement Factory Limited Sukuk II". The Sukuk II had been recognised at NIL value on a prudent basis and in accordance with the guidance specified by SECP which require overdue mark-up to be recognised on cash basis. The Issuer defaulted again in the payment of principal and mark-up due on 03 September 2011. In accordance with the requirements of circular 33 of 2012 issued by SECP, the exposure has been classified as non-performing and no further mark-up is being accrued after classification as non performing exposure. Upto 31 December 2012, the amount of provision required as per SECP circular no. 33 of 2012 has been maintained by valuing the investment in terms of the said circular while considering date of default as 03 September 2011 amounted to Rs.18.96 million.

During the year, the Fund has received principal amounted to Rs. 5 million (4 installments of 1.25 million each) with mark up of Rs. 7.941 million. In addition, the Fund's total exposure in Maple Leaf-II of Rs.1.875 million has been received along with mark up of Rs. 0.152. MUFAP after consultation and discussion with SECP has confirmed that MLCFL should be classified as non-performing and has instructed to mutual funds to suspend further provisioning as required under Circular 33 of 2012 after considering the fact that MLCFL has started performing in accordance with the revised rescheduling terms. MUFAP confirmed that provisioning status quo (in terms of percentage) should be maintained and additional provisioning shall be stopped till the asset becomes performing. Accordingly, provision as at 30 June 2013 has been maintained represents sixty percent of the outstanding balance. However, profit is being recorded by the Fund on receipts basis in accordance with the requirements of Circular 33 of 2012. The income suspended on these sukuk bonds upto 30 June 2013 amounted to Rs. 1.093 million.

5.2.3.3 This represents investment in privately placed sukuk bonds. On 27 December 2011 i.e. the scheduled redemption date, profit redemption of Rs. 0.8 million was not received by the Fund. The amount of provision required as per SECP circular no. 33 of 2012 has been maintained by valuing the investment in terms of the said circular. The income suspended on these sukuk bonds up to 30 June 2013 amounted to Rs. 1.215 million.

5.2.3.4 The sukuk bonds held by the Fund are generally secured against hypothecation of stocks and receivables and mortgage / pledge of fixed assets of the user.

16 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication.

Subsequent to the year ended 30 June 2010, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. However, on 14 December 2010, the Ministry filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling the case there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in Court.

During the year 2012, the Honorable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006, and the Finance Act, 2008, declared the said amendments as unlawful and unconstitutional. In March 2013, a larger bench of the Sindh High Court (SHC) in various Ponsitutional Petitions declared that amendments introduced in the WWF Ordinance, 1971 through Finance Act 2006 and 2008 respectively do not suffer from any constitutional or legal infirmity. However, the Honourable High Court of Sindh has not addressed the other amendments made in WWF Ordinance 1971 about applicability of WWF to the CISs which is still pending before the court.

In view of above stated facts and considering the uncertainty on the applicability of WWF to mutual funds due to show cause notices issued to a number of mutual funds, the management company as a matter of abundant caution has decided to continue to maintain the provision for WWF for the year ended 30 June 2013. As at 30 June 2013 the management has maintained provision against Workers' Welfare Funds' amounting to Rs. 4.809 million, if the same were not made the NAV per unit of the Fund would have been higher by Rs. 0.1509.

17 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than unrealized capital gains / loss to the unit holders. The Fund has not recorded any tax liability in respect of income relating to the current period as the management company subsequently to the year end has declared and distributed sufficient accounting income of the Fund for the year ending 30 June 2013 as reduced by capital gains (whether realised or unrealised) to its unit holders. Accordingly, no tax liability has been recorded in the current year.

18 NON-COMPLIANCE WITH THE CIRCULAR AS SPECIFIED BY THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

The Securities and Exchange Commission of Pakistan vide circular no. 7 of 2009 dated 06 March 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the circular. The Management Company classified NAFA Islamic Multi Asset Fund (the Fund) as 'Shariah Compliant (Islamic) Scheme' and 'Balanced Scheme' in accordance with the said circular. As at 30 June 2013, the Fund is compliant with all the requirements of the said circular except for clause 2(iv) which requires that rating of any debt security in the portfolio shall not be lower than A- (A minus). Non compliance of the said circular are as follows:

Category of non-compliant investment	Type of investment / name of Company	Value of investment before provision	Provision held, if any	Value of investment after provision	Percentage of net assets	Percentage of gross assets
----- Rupees in '000' -----						
i) Investment in debt securities	a) Maple Leaf Cement Factory Limited - Sukuk *	44,894	26,937	17,957	4.15%	4.07%

25 FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by Board of Directors and Audit Committee regularly to reflect changes in market conditions and the Fund's activities.

The management of these risks is carried out by the Investment Committee (IC) under policies approved by the Board of Directors of the Management Company. The IC is constituted and approved by the Board of Directors of the Management Company. IC is responsible to devise the investment strategy and manage the investment portfolio of the Fund in accordance with limits prescribed in the Non Banking Finance Companies and Notified Entities Regulations, 2008, offering document of the Fund in addition to Fund's internal risk management policies.

The Fund primarily invests in a portfolio of equity and money market investments such as shares of listed companies, investment-grade debt securities, government securities and other money market instruments. These activities are exposed to a variety of financial risks i.e market risk (which includes currency risk, interest rate risk and price risk), credit risk and liquidity risk arising from the financial instruments it holds.

25.1 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price of securities due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk (equity price risk).

Management of market risk

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors and regulations laid down by SECP.

25.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as its operations are geographically restricted to Pakistan and all transactions are carried out in Pak Rupees.

25.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based interest bearing sukuk bonds exposing the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in KIBOR on 30 June 2013, with all other variables held constant, the net assets of the Fund and net income for the year would have been higher / lower by Rs 0.976 million (2012: Rs 0.862 million)

The composition of the Fund's investment portfolio, KIBOR rates and rates announced by Financial Market Association is expected to change over time. Further, in case of variable instruments, the sensitivity analysis has been performed from the last repricing date. Accordingly, the sensitivity analysis prepared as of 30 June 2013 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

b) Sensitivity analysis for fixed rate instruments

Presently, the Fund holds no fixed rate instruments.

The composition of the Fund's investment portfolio and rates announced by MUFAP is expected to change over time. Therefore, the sensitivity analysis prepared as of 30 June 2013 is not necessarily indicative of the effect on the Fund's net assets due to future movements in interest rates.

Yield / interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual re-pricing or maturity date and for off-balance sheet instruments is based on the settlement date.

25.1.3 Price Risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market.

The fund is exposed to equity price risk because of investments held by the Fund and classified on the Statement of Assets and Liabilities 'at fair value through profit and loss'.

In case of 5% increase / decrease in KSE 100 index on 30 June 2013, with all other variables held constant, net assets for the year would increase / (decrease) by Rs. 6.968 million (2012: Rs 6.705 million) as a result of gains / (losses) on equity securities classified 'at fair value through profit and loss'.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of 30 June 2013 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 index.

25.2 Credit risk

Credit risk arising from the inability of the counterparties to fulfill their obligations in respect of financial instrument contracts, is generally limited to the principal amount and accrued income thereon.

Management of credit risk

The Fund's policy is to enter into financial contracts with reputable counterparties in accordance with the internal risk management policies and investment guidelines approved by the Board of Directors. The IC closely monitors the credit worthiness of the Fund's counterparties (e.g., issuer of the instruments, brokers, banks, etc.) by reviewing their credit ratings, financial statements and press releases on a regular basis. In addition the credit risk is also minimized due to the fact that the Fund only invests in the high quality financial assets, majority of which have been rated by a reputable rating agency. All transactions in debt securities are settled / paid upon delivery. The risk of default in such transactions is considered minimal, as delivery of securities is guaranteed by reputable brokers or the transactions are carried with counterparties of high reputation. Further, bank accounts are held only with reputable banks.

Concentration of the credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

The analysis below summarises the credit quality of the Fund's financial assets as at 30 June 2013

	<u>35,434</u>	<u>66,148</u>

The maximum exposure to credit risk before any credit enhancement as at 30 June 2013 is the carrying amount of the financial assets.

25.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset, or that such obligations will have to be settled in a manner disadvantageous to the Fund.

Management of liquidity risk

The Fund is exposed to daily cash redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damages to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue.

Maturity analysis for financial liabilities

The table below analyses the Fund's liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows:

26 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the year end date. The Fund does not hold any securities that are based on quoted market prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial assets (e.g. Treasury bills, Terms finance certificates and Sukuks) that are not traded in an active market is determined with reference to the rates quoted by Financial Market Association of Pakistan and MUFAP. The fair value quoted by MUFAP is calculated in accordance with valuation methodology prescribed by Circular No. 33 of 2012 dated 24 October 2012 issued by the Securities and Exchange Commission of Pakistan (SECP).

If a security is not quoted by MUFAP due to it being 'non-performing status', its values is determined by applying discount in accordance with Circular No. 33 of 2012 dated 24 October 2012 issued by the SECP.

The estimated fair value of other financial assets and liabilities is considered not significantly different from carrying values as the items are either short term in nature or periodically repriced.

IFRS 7, 'Financial instruments: Disclosures' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

-----As at June 30, 2013-----				
Level 1	Level 2	Level 3	Total	
----- (Rupees in '000)-----				
ASSETS				
Investment in listed equity securities - held for trading	139,368	-	-	139,368
Investment in securities - available for sale	-	6,927	28,507	35,434
	<u>-</u>	<u>6,927</u>	<u>28,507</u>	<u>35,434</u>
-----As at June 30, 2012-----				
Level 1	Level 2	Level 3	Total	
----- (Rupees in '000)-----				
ASSETS				
Investment in listed equity securities - held for trading	134,096	-	-	134,096
Investment in securities - available for sale	-	14,003	52,145	66,148
	<u>-</u>	<u>14,003</u>	<u>52,145</u>	<u>66,148</u>

The reconciliation of provision in respect of level 3 is stated in note 5.5 to the financial statements.

27 UNIT HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units. There is no specific capital requirement which is applicable on the Fund.

The Fund meets the requirement of sub-regulation 54 (3a) which requires that the minimum size of an Open End Scheme shall be one hundred million rupees at all time during the life of the scheme

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies stated in note 25, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by shortterm borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.

28 NON-ADJUSTING EVENT AFTER THE BALANCE SHEET DATE
